# TESTIMONIALS

## STUDENTS OF ACSA

I am the first graduate in my family & a Tamil-medium student preparing for TNPSC exams, this is the first time I have opted to prepare for UPSC CSE. This is a full-time Residential programme, which is helpful to me because every activity during my preparation period is scheduled in a proper way from early morning physical activities to study plans for the whole day. Also, we can interact with our mentors directly regarding doubts in every subject

SHANMUGAPRIYAN

When I look back on my life, I am from a humble background, and completed my schooling at a government school, a self-evaluator in my studies and I felt that I could become a good administrator. I am a beginner in UPSC CSE preparation and I chose residential coaching to stay away from distraction and for proper time management. In this residential coaching, I get mentors' guidance from early morning 5 am to 10:30 pm, which makes me more comfortable in learning concepts for examination.

HASIFFA

As I completed my M.Com in International Finance, I want to be an auditor and to serve my country that means I want to learn how accounting in our country works and want to be a part of it. I chose this residential programme because of the hostel facilities they provide and I felt that I was completely engaged with my preparation, from physical training in the early morning till the end of the day. Our coaches are excellent, whatever doubts we ask they are explaining it clearly.

SRI PAL RAM

I have been preparing for UPSC CSE since 2019. I chose the residential programme to avoid distraction and everything we need is provided inside the campus; coaches are also available 24/7 to clear doubts. All the classes are handled by Top faculties. After joining here I could able to focus only on my goals.

SELVAGANAPATHY

I completed my graduation in 2023 and I wanted to connect with grassroots people so I chose UPSC CSE preparation. I was looking for many coaching centres for my preparation but I wanted a holistic programme with hostel facilities, etc., later I found that Veranda IAS is providing a holistic residential programme for UPSC CSE preparation and the best thing is Sagayam sir is the Chief Mentor of this programme, then joined this campus. Psychologists and coaches are there to guide us to improve our scores in exams.

It is humour amongst the aspirants to call UPSC the Unpredictable Public Service Commission, and rightly so. The scope of CSE cannot be limited to the syllabus, making it one of the toughest exams. Nonetheless, the right mentoring can help you ease the process. One aspect of this exam is that an aspirant needs to be mentally ready for bouncers, beamers and yorkers of UPSC.
